LACROSSE SNAPSHOT

- 2015 equipment groups:
  - LaCrosse 1SB (FWD).
  - Leather 1SL (FWD/AWD).
  - Premium I 1SP (FWD/AWD).
  - Premium II 1SR (FWD).
- Thoughtfully innovative, beautifully crafted sums up the 2015 Buick LaCrosse. It offers luxurious appointments, a suite of advanced safety technologies and personal technology that set it apart from competitors.
- LaCrosse wraps you in comfort and luxury with a library-quiet interior, premium materials, craftsmanship and refined performance.
- Reasons to buy: style, comfort, quality and purposeful technologies.

WHAT'S NEW

- Ultra Luxury Package with a new color break-up of the Sangria/Ebony interior, semi-aniline perforated leather seating, Tamo Ash real wood trim and microsuede accents. Available.
- Following Distance Indicator is added to Driver Confidence Package I.
- Rear Vision Camera now standard on LaCrosse 1SB.
- OnStar with 4G LTE and Wi-Fi mobile hotspot enhances in-vehicle connectivity.
- OnStar Basic Plan is included with all 2015 vehicles.
- Continuously Variable Real-Time Damping, HiPer Strut, and Sport Mode Selectivity with 19" wheels (REK) now optional on FWD Premium I.
- Interior colors: Ebony with Choccachino interior accents.
- Exterior colors: Dark Chocolate Metallic,[1] White Frost Tricoat,[1] Deep Garnet Metallic.[2]
- Child security rear door locks now operate with rear door manual switches.

[1] Additional charge, premium paint.

[2] Added mid-2014.

KEY MESSAGES

LaCrosse is a style leader and innovator for the Buick brand—setting the stage for the sedan lineup for technology and luxury design cues.

LUXURIOUS APPOINTMENTS

- LaCrosse has a premium look from every angle, thanks to a multi-dimensional waterfall grille, chrome accents, headlamps with LED signature lighting and LED wraparound taillamps.
- The Ultra Luxury Package offers soft, supple leather seats and armrests, sueded microfiber headliner and real Tamo Ash wood trim—it's the ultimate in style and comfort.

SUITE OF ADVANCED SAFETY TECHNOLOGIES

- LaCrosse features a comprehensive suite of safety technologies designed to avoid crashes and reduce the severity when a crash is imminent. It is the most comprehensive crash avoidance system ever offered by Buick.
- Intuitive safety features include Lane Change Alert, Adaptive Cruise Control, Front Automatic Braking and the GM-patented, segment-exclusive Safety Alert Seat. Also available for 2015: Following Distance Indicator (NEW).

PERSONAL TECHNOLOGY

- LaCrosse accommodates a connected lifestyle with technologies and features designed to keep driver's hands on the wheel and eyes on the road, like an 8" diagonal color Driver Information Center and Cluster Display and available HUD.
- IntelliLink is equipped with features such as Natural Voice Recognition, gesture recognition and an app tray.
- LaCrosse also provides enhanced connectivity and includes: OnStar with 4G LTE and Wi-Fi hotspot with 3GB/3-month data trial (whichever comes first).

LACROSSE AWARDS & RECOGNITION

LaCrosse continues to earn respect from the automotive press with great reviews and awards. Recent recognition includes:

- Best Buy Large Car, 2014 LaCrosse, *Consumer Guide.*
- Buick Best Value Luxury Brand, 2013 Brand Image Awards *Kelly Blue Book.*
- #1 Affordable Large Cars, 2013 LaCrosse, *US News & World Report* Best Cars for Families, New Car Rankings.

SCULPTED EXTERIOR DESIGN

LaCrosse is beautiful from every angle with flowing seamless lines, sculpted surfaces and curves and Buick-signature design cues.

WHY IT MATTERS

LaCrosse looks modern and distinctive. It has beautiful curb appeal.

BEAUTIFULLY CRAFTED INTERIOR

- Wood grain trim, chrome accents, Ice Blue ambient lighting—luxury touches are everywhere. Spacious, supportive seats with French seams enhance your comfort.
- The available Ultra Luxury Package provides more craftsmanship and refinement with exclusive appointments.

WHY IT MATTERS

LaCrosse's interior offers world-class fit-and-finish with comfort for all occupants.

BUICK INTELLILINK

IntelliLink integrates the audio system with paired smartphones and devices. Operate IntelliLink with the 8" diagonal color touch screen, steering wheel controls or hands-free by voice. New for 2015: Text Message Alerts and Siri Eyes Free.

WHY IT MATTERS

IntelliLink helps drivers connect more naturally, accurately and safely.

Click the play icon to watch video

ONSTAR WITH 4G LTE

Includes an in-vehicle 4G LTE, Wi-Fi hotspot, providing:

- Fast data speeds that allow multiple passengers to connect Wi-Fi-enabled mobile devices.
- Simultaneous voice and data delivery of OnStar services, like navigation, security and diagnostics.
- An OnStar with 4G LTE data trial for 3 months/3 GB.

WHY IT MATTERS

Many customers want the ability to stay connected to the Internet in their vehicle.

8" DIAGONAL RECONFIGURABLE DRIVER INFORMATION & CLUSTER DISPLAY

Puts vehicle, media, phone and navigation data in the instrument cluster—front and center for the driver. Two graphic themes let you customize the display.

WHY IT MATTERS

LaCrosse is highly customizable. Drivers can fit it to their unique preferences.

CENTER STACK & CONSOLE

Intuitive radio and heating, air conditioning and ventilation (HVAC) controls are placed just where you need them.The center console offers convenient storage that supports the use of electronic devices.

WHY IT MATTERS

These thoughtful details help make LaCrosse extremely accommodating for drivers and front-seat passengers.

DRIVER CONFIDENCE PACKAGE I

The comprehensive suite of available safety technologies included in the Driver Confidence I and Driver Confidence II Packages utilize a network of front and rear cameras, radars and ultrasonic sensors to monitor the environment around LaCrosse. These technologies can help drivers avoid crashes by improving awareness about the driving environment. These systems comprise the most comprehensive crash avoidance coverage ever offered by Buick.

FORWARD COLLISION ALERT

- Uses camera or radar technology to monitor traffic ahead (depending on Package).
- If you're approaching a vehicle directly ahead too quickly, the system provides visual and either audible beeps or pulses the Safety Alert Seat (if equipped with DC Package II).

WHY IT MATTERS

Forward Collision Alert can provide LaCrosse drivers with additional time to react and help them avoid a forward collision.

SIDE BLIND ZONE ALERT

- This lane-changing aid uses radar sensors on both sides of the vehicle to "look" for other vehicles in LaCrosse's blind zones.
- The system displays a signal on the outside left or right mirrors to alert the driver if a vehicle enters the blind zone.
- The warning signals flash if the turn signal is activated, indicating the driver should not change lanes.

WHY IT MATTERS

Side Blind Zone Alert bolsters driver awareness of hazards in the driving environment.

LANE CHANGE ALERT

- Lane Change Alert looks up to 230' behind LaCrosse to detect vehicles in adjacent lanes far beyond the side blind zones, alerting the driver about rapidly approaching vehicles when the turn signal is activated.
- An illuminated flashing symbol in the left or right side mirrors indicates it may be unsafe to change lanes.

WHY IT MATTERS

Lane Change Alert can help drivers avoid lane change crashes that can occur with rapidly approaching vehicles in the next lane over.

FOLLOWING DISTANCE INDICATOR

The Following Distance Indicator displays the gap time—or distance measured in seconds—to the vehicle ahead.

WHY IT MATTERS

This advanced safety feature can help drivers avoid frontal crashes.

LANE DEPARTURE WARNING

- This camera-based lane detection system alerts the driver through visual alerts and either audible beeps or Safety Alert Seat pulses if LaCrosse drifts out of a lane without activating the turn signal (if equipped with the Safety Alert Seat).

WHY IT MATTERS

This warning can help drivers avoid crashes due to unintentional lane departures.

REAR CROSS TRAFFIC ALERT AND REAR VISION CAMERA

- Especially helpful when backing out of a parking spot. Rear Cross Traffic Alert warns drivers about approaching traffic or oncoming cars from either direction when LaCrosse is in Reverse.
- The system detects objects coming from up to 65 ft. from the left or right side behind the vehicle.
- If moving vehicles are detected, left-/right-side alerts appear on the standard Rear Vision Camera display screen (if selected) and either left or right auditory beeps are sounded or the available Safety Alert Seat delivers left or right directional pulses (if equipped with the Safety Alert Seat).

WHY IT MATTERS

These features can help give drivers more time to react to vehicles that may be difficult to see in crowded spaces when backing up.

HEAD-UP DISPLAY (HUD)

- To help drivers keep their eyes on the road, the system projects customizable key driving and entertainment information such as vehicle speed, audio information and safety alerts in full color at eye level.
- The HUD system includes four selectable, full-color enhanced views:
  - Speed View
  - Audio/Phone View
  - Navigation View
  - Performance View w/ Tachometer
- Brightness and height adjustment controls are located on the instrument panel.

WHY IT MATTERS

The Head-Up Display helps drivers monitor key driving information quickly and easily while keeping their eyes and focus on the road ahead.

AVAILABLE XENON HIGH-INTENSITY DISCHARGE (HID) SIGNATURE HEADLAMPS

- Incorporate Buick's "wing" headlamp design, which includes fog lamps and LED Daytime Running Lamps.
- HID headlamps provide more lighting coverage than conventional designs, improving visibility at night and in inclement weather. The "articulating" feature pivots the headlamps up to 15° as the vehicle turns to enhance vision in curves.

WHY IT MATTERS

LaCrosse HID headlamps combine form with function, improving visibility while also enhancing style.

DRIVER CONFIDENCE PACKAGE II

The technologies included with Driver Confidence Package II provide additional alert notification so that immediate action can be taken to avoid safety threats. They can also intervene with braking when a collision threat is detected.

ADAPTIVE CRUISE CONTROL

- Uses radar sensors. It extends traditional cruise control to more situations. This radar is also used for the Forward Collision Alert feature.
- Adaptive Cruise Control applies limited to moderate braking and acceleration—automatically—to maintain a preselected "following gap" from the vehicle ahead.
- It works in both fast-moving and stop-and-go traffic and can bring your vehicle to a complete stop if the car ahead comes to a stop.

WHY IT MATTERS

Adaptive Cruise Control conveniently reduces the driver's braking and acceleration pedal effort associated with following a vehicle ahead.

FRONT AUTOMATIC BRAKING

- Provides emergency crash preparation that can help reduce crash damage. It is designed to reduce impact speed by applying the vehicle's brake system and may even help the driver avoid the crash under some circumstances.

WHY IT MATTERS

Front Automatic Braking can apply the brakes if the driver does not react quickly enough when the system detects a frontal crash is imminent.

SAFETY ALERT SEAT

- Unobtrusive seat vibrations—similar to setting a cell phone to vibrate—help to quickly focus driver attention to the safety situation location.
- Sends pulses to the left, right or both sides of the driver seat cushion to direct the driver's attention to the direction of the potential safety threat.
- The Safety Alert Seat works with the other visual alerts that are part of LaCrosse's advanced crash avoidance features.

WHY IT MATTERS

The available Safety Alert Seat provides an intuitive and effective way to bring the driver's attention to a potential safety problem.

FUEL-SAVING eASSIST

- This fuel-saving technology makes LaCrosse with the 2.4L 4-cylinder engine one of the most fuel-efficient sedans in its class, with EPA-estimated fuel economy of 36 mpg highway.
- As you brake or coast, eAssist captures energy and stores it in the advanced battery pack for future use.
- eAssist also saves fuel by providing fuel cutoff when coasting or coming to a stop, and automatic engine shutoff can be activated when LaCrosse is stopped.

WHY IT MATTERS

eAssist enables LaCrosse to deliver unexpected fuel economy for a full-size luxury sedan. LaCrosse with eAsisst has the fuel economy of a compact.

eASSIST AND REGENERATIVE BRAKING

eAssist uses the forward momentum of the vehicle to spin a motor-generator to create electricity. As you brake, eAssist captures energy in the advanced battery pack. The state-of-the art lithium-ion 115V battery and 15kW electric motor-generator work together to improve fuel economy by up to 25% and provide up to 15 additional horsepower and 75 lb.-ft. of torque when needed.

- eAssist saves fuel by providing fuel cutoff when coming to a stop, and automatic engine shutoff can be activated when LaCrosse is stopped. The captured, recovered energy powers the radio, climate control system and other accessories whenever the engine operates in Auto Stop mode.

AVAILABLE INTELLIGENT ALL-WHEEL DRIVE

Intelligent all-wheel drive with the Electronic Limited-Slip Differential constantly monitors traction of all wheels, sending power to the wheel(s) with the best grip.

- The system is fully automatic and also provides dry road handling benefits.

WHY IT MATTERS

The AWD LaCrosse enhances traction, giving you confidence behind the wheel.

EXTERIOR

- **Beautiful sculpted styling with chrome details –** See Top Selling Features.
- **Aluminum wheels (17", 18", 19", 20") –** See the Packaging section.
- **Jewel-like exterior lighting –** Features Buick's signature "wing" headlamp design and LED wraparound taillamps.
- **Articulating Xenon HID headlamps –** Turn with LaCrosse in curves and provide three times the brightness of traditional headlamps. Available.
- **LED Daytime Running Lamps –** Enhance overall styling. Available with HID lighting.
- **Titanium chrome waterfall grille –** Adds Buick-signature style.
- **Integrated rear spoiler –** Complements LaCrosse's flowing lines.

INTERIOR

- **Buick QuietTuning –** Buick's exclusive approach to reducing, blocking and absorbing noise and vibration creates a serene cabin.
- **Beautifully crafted interior –** See Top Selling Features.
- **Reconfigurable 8" Driver Information and Cluster Display –** See Top Selling Features.
- **Adjustable head restraints –** With 4-way adjustment for the front seats. Fold-down rear head restraints improve visibility during Reverse maneuvers.
- **Keyless Access and Push Button Start –** Add convenience. Available.
- **Leather-wrapped steering wheel –** With integrated safety feature controls (if equipped with Driver Confidence Packages).
- **Ultra Luxury Package –** Offers added refinement. See Top Selling Features.
- **Heated steering wheel –** Enhances driver comfort in cold weather. Available.
- **Remote Vehicle Starter System –** Starts LaCrosse from up to 90 feet away. Activates climate controls, heated/ventilated seats (if equipped). Standard.
- **Seating –** 8-way power driver seat and 4-way power lumbar; 4-way manual front passenger seat with 2-way power vertical control. Standard.
  - 8-way power front passenger seat. Available.
  - Heated front seats; heated and ventilated front seats. Available.
  - 60/40 split-folding rear seat with armrest and cup holders. Standard.
- **Ultrasonic Rear Parking Assist –** Available.
- **Oversized power moonroof –** With 3' x 4' skylight panel. Available.

INFOTAINMENT

CONNECTIVITY

- **Buick IntelliLink –** The interface for in-vehicle audio system features and paired phone, media and devices. Includes 8.0" diagonal color touch screen and Natural Language Voice Recognition. See Top Selling Features. Standard.
- **Bluetooth for Phone and Music –** Wirelessly connects phones and devices for hands-free operation and device streaming. Standard.
- **OnStar with 4G LTE and Wi-Fi hotspot –** See Top Selling Features.
- **Siri Eyes Free –** Provides iPhone 4S and 5 users hands-free access to some of their phone's features—like the calendar and text messaging—using nothing more than their voice. Eliminates one more potential distraction by keeping the device's screen from lighting up. Standard.
- **Text Message Alerts –** When paired with a Bluetooth device that supports Text Message Alerts, IntelliLink can display text messages, play them back over the audio system, send preset messages or create new preset message alerts. Standard.
- **USB port –** Plays back media from compatible flash drives, music players, tablets and phones and can charge compatible devices. Standard.
- **120V power outlet –** Located on the rear of the center console. Available.

ENTERTAINMENT

- **Audio systems:** Include AM/FM/ SiriusXM Radio/ MP3/CD/USB/ AUX input.
  - Premium 7-speaker sound system. Standard.
  - Bose Centerpoint 11-speaker system with surround sound. Available.
  - Audio system with navigation. Available. See Navigation.

NAVIGATION

- **Audio system with navigation –** Includes built-in GPS navigation system and Bose sound system. Available.
- **OnStar Directions & Connections Plan –** Is included for 6 months and features Turn-by-Turn Navigation. Learn more at OnStar.com.
- **SiriusXM Radio –** Includes 3-month trial of the XM Premier Package and NavTraffic (if equipped with navigation).

EMBEDDED & MOBILE APPS

- **Built-in web connectivity –** Accesses web-based programming for paired smartphones/tablets with embedded IntelliLink app for Pandora Internet Radio.
- **OnStar RemoteLink mobile app –** Check on your fuel, oil and tires, locate, unlock or start your vehicle (if factory-equipped)—all with the app that lets you control your car from virtually anywhere.
- **OnStar Basic Plan –** Includes OnStar RemoteLink Key Fob Services so you can remotely start your car, lock and unlock your doors and activate your horn and lights from anywhere—using your smartphone or other mobile device. Plus, OnStar Vehicle Diagnostics and Dealer Maintenance Notification (both of these services must be opted in by customers). Five years of service are included.

POWERTRAIN

ENGINES

- **2.4L 4-cylinder engine with eAssist –** Features fuel-saving technology that gives LaCrosse excellent fuel economy without sacrificing response (no-charge option LaCrosse 1SB/Leather). See Top Selling Features.
  - 182 hp and 172 lb.-ft. of torque.
- **3.6L V6 engine –** This powerful, responsive and efficient V6 engine provides confident performance. Includes E85 FlexFuel capability (standard Premium I/Premium II; no-charge option LaCrosse 1SB/Leather).
  - 304 hp and 264 lb.-ft. of torque.
- **Spark Ignition Direct Injection and Variable Valve Timing –** Enhance performance and fuel efficiency and also help to lower emissions.

TRANSMISSIONS

- **6-speed automatic transmissions –** Provide responsive, smooth shifting with optimal fuel economy. Transmissions include Driver Shift Control.
  - 2.4L 4-cylinder with eAssist: 25 city/36 highway mpg.
  - 3.6L V6 (FWD): 18 city/28 highway mpg.
  - 3.6L V6 (AWD): 17 city/26 highway mpg.

RIDE & HANDLING

SUSPENSION

- **4-wheel independent suspension –** Provides smooth, balanced ride quality.
- **Independent MacPherson strut front suspension –** Standard.
- **HiPer Strut performance front suspension –** Reduces torque steer and provides more linear and communicative steering and improved impact isolation on bumps and rough services. HiPer Strut also improves grip in dry and wet conditions for a more direct feel of the road. Available.[1]
- **Rear suspensions.**
  - 4-link rear suspension with hollow stabilizer bar. Standard.
  - H-arm design enhances isolation for greater ride quality and less noise (included with AWD; standard Premium II; available Premium I[1]).

BRAKING

- **4-wheel disc antilock brakes (ABS) with Brake Assist –** Disc brakes provide confident braking performance. Standard.
- **StabiliTrak Stability Control and full-range Traction Control –** See the Safety section.

HANDLING

- **All-wheel drive with eLSD – Fully automatic. See Top Selling Features.**
- **Continuously Variable Real-Time Damping –** Reads the road up to 500 times per second to ensure optimal handling. Adjusts damping for changes in terrain and driving style and reduces pitching motion during braking and body movements in curves and turns. Requires available 19" wheels.
- **Sport Mode Selectivity –** Features two driver-selectable modes, Tour and Sport. Sport mode tightens suspension shocks, steering effort and holds transmission shift points in curves for more assertive handling response. Included with Continuously Variable Real-Time Damping system.
- **Electric power steering –** Saves fuel and draws energy only when the wheels are turned. Included with eAssist and FWD V6 models.
- **Variable-effort hydraulic rack-and pinion power steering –** Offers greater assist at low speeds and less assist at highway speeds. Included with AWD.

[1] Requires 19" (REK) wheels.

SAFETY – BEFORE

- **Driver Confidence Package I –** Available. See Top Selling Features.
- **Driver Confidence Package II –** Available. See Top Selling Features.
- **4-channel Antilock Braking System with Brake Assist –** Helps prevent wheel lockup during hard braking on most slippery surfaces to maintain steering control. Brake Assist applies the ABS stopping threshold sooner to help reduce stopping distances.
- **Daytime Running Lamps –** Increase vehicle visibility to others. Standard.
- **Full-range Traction Control –** Helps maintain traction if slip is detected at a front wheel and applies braking and/or reduces engine throttle. Standard.
- **Rear Vision Camera –** Displays the area behind LaCrosse in the IntelliLink display screen when LaCrosse is in Reverse. Standard.
- **StabiliTrak Stability Control –** Helps LaCrosse stay on its intended path. If wheel slip is detected or if the vehicle is not following the path being steered, StabiliTrak applies the brakes and/or adjusts the throttle to keep it on course.
- **Tire Pressure Monitoring System –** Standard.

SAFETY – DURING

- **8 standard air bags –** Includes dual-stage frontal, front-seat-mounted side-impact, head-curtain side-impact and rear-thorax side-impact air bags.
- **High-strength steel –** Provides a strong safety cage to protect occupants.
- **LATCH –** Child safety seat attachments are included at all rear seat positions.

SAFETY – AFTER

- **OnStar Automatic Crash Response –** If you're in a crash, built-in sensors can automatically alert an OnStar Advisor and predict the severity of injuries. An Advisor is immediately connected into your vehicle to see if you need help, even if you can't ask for it. You don't have to do a thing. Visit onstar.com for more information.

SECURITY FEATURES

- **PASS-Key III theft-deterrent system –** Includes immobilizer and disables the engine if an improperly coded key is used to try to start the vehicle.
- **OnStar services –** Include Crisis Assist, Emergency Services, Good Samaritan, Stolen Vehicle Assistance and more. Learn more at onstar.com.

STANDARD ON ALL MODELS

EXTERIOR

- Active front lower grille shutters
- Black chrome waterfall grille
- Chrome accents (door handles, portholes)
- Halogen projector headlamps
- LED wraparound taillamps
- Power heated outside mirrors
- Integrated decklid rear spoiler

INTERIOR

- 4-way adjustable front head restraints
- 8-way adjustable power driver seat and 4-way power lumbar
- 60/40 split-folding rear seat
- Adjustable front passenger seat (4-way manual adjustable with 2-way power vertical)
- Auto-dimming inside rearview mirror
- Buick QuietTuning
- Dual-zone automatic climate control
- Folding outboard rear-seat head restraints
- Ice Blue interior ambient accent lighting
- Interior trunk release
- Leather-wrapped steering wheel with integrated audio, cruise and Driver Information and Cluster Display controls
- Manual tilt/telescoping steering column
- Power programmable door locks
- Power windows: front driver and front passenger Express-Up/-Down; rear Express-Down
- Remote Keyless Entry
- Remote Vehicle Starter System
- Universal Home Remote

INFOTAINMENT, CONNECTIVITY & NAVIGATION

- Buick IntelliLink with 8" diagonal color touch screen, Natural Language Recognition, gesture recognition and enhanced connectivity features
- AM/FM/SiriusXM Radio/MP3/CD/USB/AUX input with 7 speakers
- Bluetooth for Phone and Music (streaming)
- Embedded Pandora Internet Radio app
- Full-color 8" Reconfigurable Driver Information and Cluster Display
- Front and rear 12V auxiliary power outlets
- On-Star (6 months included) Direction & Connections
- OnStar Basic Plan (5 years included)
- SiriusXM Radio with 3-month trial
- Siri Eyes Free
- Text Message Alerts
- Onstar with 4G LTE and Wi-Fi hotspot (3 month/3GB trial offer)

POWERTRAINS, RIDE & HANDLING

- Choice of 2.4L 4-cylinder engine w/ eAssist or 3.6L V6 engine
- 6-speed automatic transmission with Driver Shift Control
- 4-wheel independent suspension
- Electric power steering

SAFETY & SECURITY

- 4-wheel disc antilock brakes with Intelligent Brake Assist
- 8 air bags
- Daytime Running Lamps
- Full-range Traction Control
- OnStar Directions & Connections (6 months included)
- Rear Vision Camera
- StabiliTrak Electronic Stability Control System
- Theft-deterrent system
- Tire Pressure Monitoring System

WARRANTIES & OWNER COVERAGE

- 4-year/50,000-mile bumper-to-bumper limited
- 6-year/70,000-mile transferable powertrain
- 6-year/70,000-mile roadside assistance
- 6-year/70,000-mile courtesy transportation
- 6-year/100,000-mile rust-through corrosion protection
- 2-year/24,000-mile Buick scheduled maintenance
- OnStar Vehicle Diagnostics
